

# Innovation In Highways

David Rowley

Regional Director

# innovation

/ɪnə'veɪʃ(ə)n/

To make changes in something established, especially by introducing new methods, ideas or products

Developing the right contractual environment for innovation to flourish:

- Capture feedback and results
- Be prepared to flex
- Everything is possible

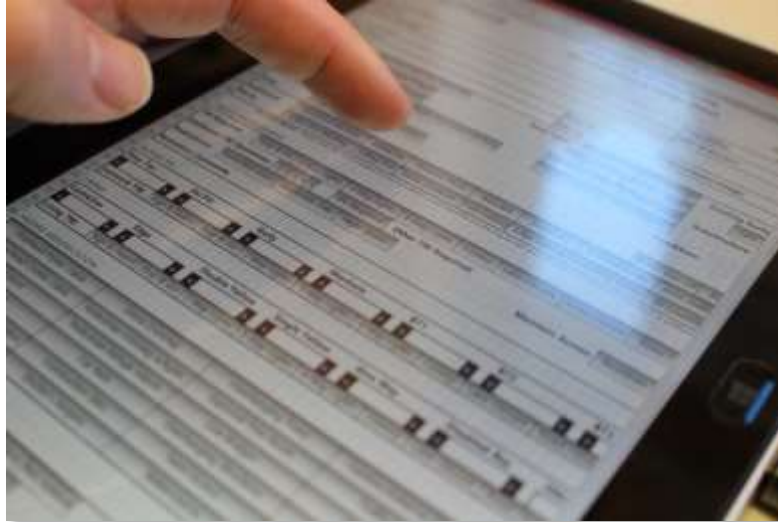

**Team work** – create a shared vision

**Trust** – celebrate success, but accept failure as *learning*

**Motivate** - courageous change deserves courageous effort

...from Can't Do, to Can Do...

## ...from trial to implementation

# Be more courageous...thank you
